

# Entry Doors

FIBERGLASS AND STEEL

Architect Series® Craftsman Light premium Hemlock-grain fiberglass entry door, full light sidelights and rectangular transom prefinished in White paint with Simulated-Divided-Light grilles.

## Beauty at your door.

Your entryway is more than the space inside your front door. It's a warm welcome to your home and a glimpse into your personal style. With our three eye-catching lines of entry doors, you can make a memorable entrance with beauty and performance that endure for years to come.

## FEATURES THAT LEAD THE INDUSTRY

Pella's passion for crafting extraordinary products goes beyond beauty. Discover the exceptional detail and industry-leading features of our entry doors.

### Protect your investment.

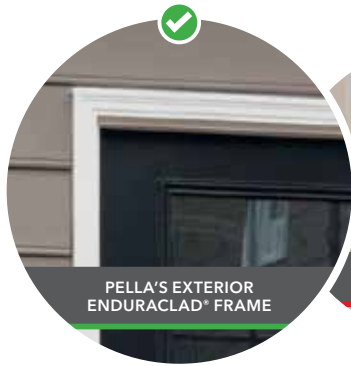

The Pella AdvantagePlus® protective frame system works hard to retain the beauty of your entry door while extending its longevity. This exclusive frame system provides exceptional protection against rot, drafts and leaks.

PELLA'S ROT-RESISTANT DESIGN<sup>1</sup>

COMPETITOR'S WOOD ROT

PELLA'S EXTERIOR ENDURACLAD<sup>®</sup> FRAME

COMPETITOR'S EXTERIOR WOOD FRAME

### Rot-resistant design.

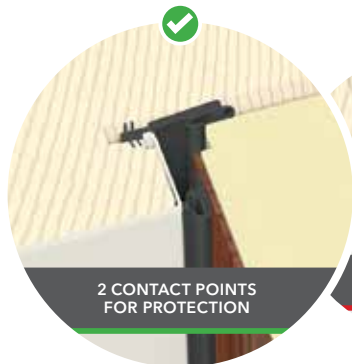

Pella's exclusive door frame sits on top of the sill – wicking away moisture to help prevent rot.

### Low-maintenance exterior frame

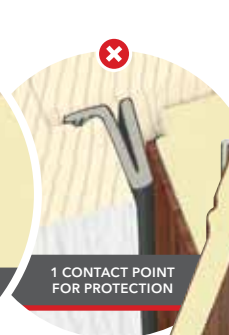

features our EnduraClad finish. These frames come in 27 colors and resist fading while providing years of protection.

### Exclusive dual-seal weatherstripping technology

provides exceptional energy efficiency and helps block out the damaging effects of extreme wind and rain.

2 CONTACT POINTS FOR PROTECTION

1 CONTACT POINT FOR PROTECTION

**Example shown below:** Pella® Architect Series® 3/4 light premium Mahogany-grain fiberglass entry door prefinished in Dark Mahogany stain with Verona decorative glass and EnduraClad® frame in Putty.

## Handcrafted style.

Entry doors from Pella feature distinctive styling and exceptional detailing. From our beautiful decorative glass to stunning hardware options, you can design the right entry door for your home. Plus, Pella's VividGrain™ multilayered stain process provides the authentic appearance of wood. Each coat is hand-applied and oven-cured to bring out the natural look of the grain pattern and provide a durable finish.

## Added security.

It takes more force to break through a door with Pella's optional multipoint locking system versus a standard lock. One twist of the thumb turn secures the door in three places – the top, middle and bottom.

## Backed by some of the best warranties in the business.

Pella® Architect Series and Pella® entry door systems with EnduraClad exterior frames are backed by the Pella Limited Lifetime Warranty. The Pella 20/10 Limited Warranty is the standard warranty for all entry doors from Pella with wood exterior frames. Both are nonprorated, meaning the coverages within the defined warranty periods do not decrease over time.

See written limited warranties for complete details, including exceptions and limitations, at [pella.com/warranty](http://pella.com/warranty), or contact Pella Customer Service at 877-473-5527.

## Reduced heating and cooling costs.

Entry doors from Pella offer energy-efficient options that will meet or exceed ENERGY STAR® certification in all 50 states.<sup>4</sup>

<sup>1</sup> AdvantagePlus® protective frame system is optional on Pella® Architect Series and Pella entry doors.

<sup>2</sup> Not available on doors with a Mahogany frame.

<sup>3</sup> With proper installation, door frames featuring Pella's optional AdvantagePlus® protective frame system with rot-resistant design significantly decrease the potential of frame rot.

<sup>4</sup> Some Pella products may not meet ENERGY STAR certification in Canada. For more information, contact your local Pella sales representative or go to [nrcan.gc.ca/energy/products/categories/fenestration/13739](http://nrcan.gc.ca/energy/products/categories/fenestration/13739).

## DISTINCTIVE LOOKS THAT COMPLEMENT YOUR STYLE

Architect Series® full light entry door with Brighton decorative glass in premium Mahogany-grain fiberglass with Provincial stain.

Pella® flush-glazed full light entry door with 4-Lite 3-1/2" Flat Simulated-Divided-Light grilles and Frosted obscure glass in Oak-grain fiberglass with Charcoal stain.

### Traditional

A traditional aesthetic starts with a beautiful wood-grain fiberglass door. Add a touch of sophistication with hardware in a classic brass or nickel finish, and complete your elegant look with delicate decorative glass.

Del Mar hardware in Antique Brass.

### Contemporary

Simplicity is key to creating a modern look. Entry doors for contemporary homes are unadorned and sleek. Choose clear or frosted glass and minimalist hardware for the ultimate modern look.

Seattle hardware in Polished Nickel.

Pella® Architect Series plank Craftsman Light entry door with Traditional Simulated-Divided-Light grilles in premium Smooth fiberglass with Naval paint.

## Craftsman

To achieve classic Craftsman styling, add a dentil shelf or Craftsman Light sidelight to your entry door system. Enhance the look of your home's square columns or exposed beams while providing your entryway with more natural light.

Standard hardware in Satin Nickel.

Pella® Architect Series plank 2 panel arch entry door with clavos and hinge straps in premium Mahogany-grain fiberglass with Early American stain.

## Mediterranean

A Spanish or Mediterranean home is not complete without a wood-grain fiberglass entry door. Complement your red tile roof and stucco or stone facade with decorative clavos and hinge straps.

Elkhorn hardware in Distressed Bronze.

## MAKE A LASTING IMPRESSION

What can a new entry door do for your home?

Transforming your home starts with the front door. Your entry door gives your guests an idea of the warm greeting to come – and sets the tone for their visit. Something this important should look and function beautifully.

See pages 46 - 57 for ideas to customize your entry door.

## THREE DISTINCTIVE LINES OF ENTRY DOORS FROM PELLA

One that's right for you.

Each of our entry door lines offers a variety of panel choices, glass patterns and decorative details. Pella makes it simple to find just what you're looking for.

### PELLA ARCHITECT SERIES®

#### Why choose Pella Architect Series entry doors?

- The most realistic look of stained wood without the maintenance.
- Stain colors that have richer wood tones than other comparable fiberglass entry doors.
- An array of premium style options to select from.
- Exceptional protection from drafts and leaks.

### PELLA®

#### Why choose Pella entry doors?

- A broad range of beautiful styles that stand up to the elements.
- Attractive stain and paint options.
- Exceptional protection from drafts and leaks.

### ENCOMPASS BY PELLA®

#### Why choose Encompass by Pella entry doors?

- Quality at an affordable price.
- Attractive stain and paint options.
- Dependable performance backed by Pella.

All entry door systems from Pella offer the energy-efficient options that will meet or exceed ENERGY STAR® certification in all 50 states<sup>1</sup> – so they can help reduce your heating and cooling costs and keep your home more comfortable year round.

## CHOOSE FROM TWO FIBERGLASS OPTIONS OR STEEL

Enjoy exceptional curb appeal and performance.

Our entry doors are available in three material types, each offering its own unique benefits and distinctive style. Whichever you choose – premium wood-grain fiberglass, fiberglass or steel – an entry door system by Pella will look great in your home.

Premium Wood Grain

Premium Smooth

### Premium Fiberglass

- You'll enjoy the low-maintenance benefits and outstanding performance of fiberglass.
- This exceptional material stands up to extreme weather conditions.
- Wood reinforcement inside the fiberglass panel creates a sturdy, substantial door that feels like a wood door when it swings.

### Authentic look of wood.

- Premium wood-grain fiberglass door panels enhance your home with a rich, realistic wood-grain appearance.
- Pella's VividGrain™ multilayered stain process provides the beautiful, authentic appearance of stained wood. Each coat is applied by hand and oven-cured to bring out the natural look of the grain pattern for a consistent, durable finish.

### Sleek, smooth fiberglass.

- Smooth-panel entry doors come in a wide range of colors – including the Vibrancy Collection – to appeal to your personal style.

Available on: **PELLA® ARCHITECT SERIES®**

**Example shown left:** Pella Architect Series® deluxe 3 panel oval premium Mahogany-grain fiberglass entry door prefinished in Dark Mahogany stain with Castile decorative glass and matching full light sidelight.

Wood Grain

Smooth

## Fiberglass

**High performance. Low maintenance.**

- Grained fiberglass has the warm, rich look of wood.
- Material is dent-resistant and won't rust or corrode.
- Choose from Mahogany-grain, Oak-grain and Smooth fiberglass.
- VividGrain™ multilayered stain process provides the beautiful, authentic appearance of stained wood.

Available on:

PELLA®

ENCOMPASS BY PELLA®

**Example shown left:** Pella® Craftsman Light Mahogany-grain fiberglass entry door prefinished in Dark Mahogany stain with Madeira decorative glass.

Steel

## Steel

**Naturally strong and durable.**

- Steel panels give your home a quality appearance that's easy to maintain.
- Smooth surface creates even color when painted.
- Premium steel provides extra durability.

Available on:

PELLA®

ENCOMPASS BY PELLA®

**Example shown right:** Pella full light steel entry door prefinished in Naval paint with Sheffield decorative glass and matching sidelight.

## CREATE A BEAUTIFUL ENTRYWAY

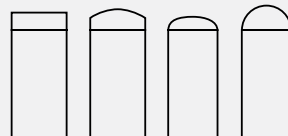

It's how you put it all together that will set your home apart.

Whether your home's design calls for a single entry door or an entry door with sidelights, a transom or both, Pella offers a wide variety of sizes and styles that make it easy to create a beautifully coordinated look.

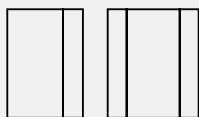

**Single Door** AS P EP

**Example shown left:** Pella® Craftsman Light Mahogany-grain fiberglass door prefinished in Dark Mahogany stain with Dwell decorative glass.

**Single Door with Transom** AS P

**Example shown right:** Pella 1/2 light Smooth fiberglass door prefinished in Real Red paint with Madeira decorative glass and matching rectangular transom.

Available with sidelight(s) on left, right or both sides of door.

**Single Door with Sidelight(s)** AS P EP

**Example shown left:** Pella® Architect Series® plank Craftsman Light premium Smooth fiberglass door prefinished in Brick Red with matching sidelight.

Available with sidelight(s) on left, right or both sides of doors.

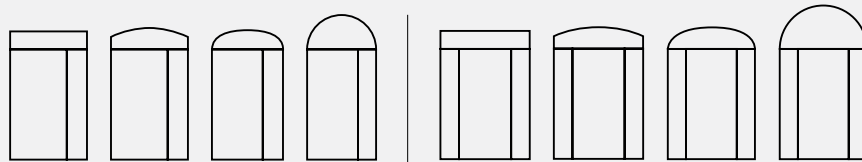

### Double Door AS P

**Example shown left:** Pella® 3/4 light Smooth fiberglass double door prefinished in Naval paint with Artesian decorative glass.

### Double Door with Transom AS P

**Example shown right:** Pella® Architect Series® 3/4 light premium Mahogany-grain fiberglass double door prefinished in Dark Mahogany stain with Verona decorative glass and matching elliptical transom.

Available with sidelight(s) on left, right or both sides of door.

### Single Door with Sidelight(s) and Transom AS P

**Example shown left:** Pella® Architect Series European 2 panel premium Oak-grain fiberglass entry door prefinished in Black paint and full light sidelights and rectangular transom with Isabella decorative glass.

NOTE: Transoms are available in a variety of shapes and sizes to fit over any door and sidelight combination.

## PRIVACY OPTIONS

Take a look into how an entry door's panel style and glass affect your home's privacy.

Low-E Glass

Low-E Glass with Blinds-  
Between-the-Glass

Decorative Glass

LESS PRIVACY

LOTS OF LIGHT,  
LEAST PRIVACY

This glass provides an unobstructed view out of and into your entryway. An energy-saving Low-E coating helps protect flooring and furniture from fade damage.

See options on page 20.

FLEXIBLE LIGHT AND PRIVACY,  
PLUS CONVENIENCE

Cordless White blinds let you control light and privacy. And they stay protected between panes of glass so they don't need constant cleaning.

See options on pages 47 - 49.

SHIMMERING LIGHT,  
MODERATE PRIVACY

Decorative glass is beautiful, but has a practical side too. The types of glass used and the size of the pieces in the pattern determine how easy the glass is to see through.

See options on pages 21 - 45.

Obscure Low-E Glass

FILTERED LIGHT,  
GOOD PRIVACY

Obscure glass blurs the view but lets light gently flow in. Pella's glass patterns offer a range of privacy levels.

See options on page 20.

Small Glass Panel

PARTIAL LIGHT,  
BETTER PRIVACY

Call this the best of both worlds – the privacy of a solid door panel with a touch of glass to add light and style.

See options on pages 18 - 45.

Solid Panel

NO LIGHT,  
BEST PRIVACY

Want privacy and beautiful craftsmanship? Put the focus on the color, texture and elegance of your door panel.

See options on pages 16 - 17.

MORE PRIVACY

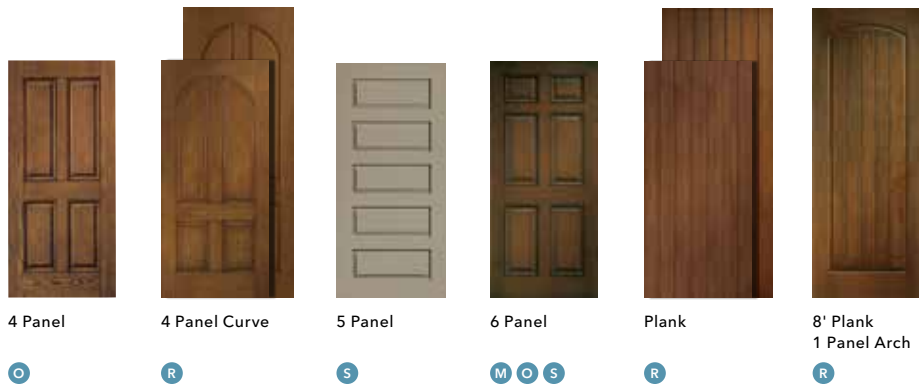

## SOLID DOOR PANELS

A traditional and timeless choice for maximum privacy.

## NEW VIVIDGRAIN™ STAIN PROCESS

Pella's VividGrain multilayer stain process gives our fiberglass entry doors the beautiful appearance of stained wood. Enjoy a more consistent and durable finish than ever before – each hand-applied and oven-cured coat is designed to bring out the natural look of the grain pattern.

\* Pella® Architect Series® doors are not available in steel.

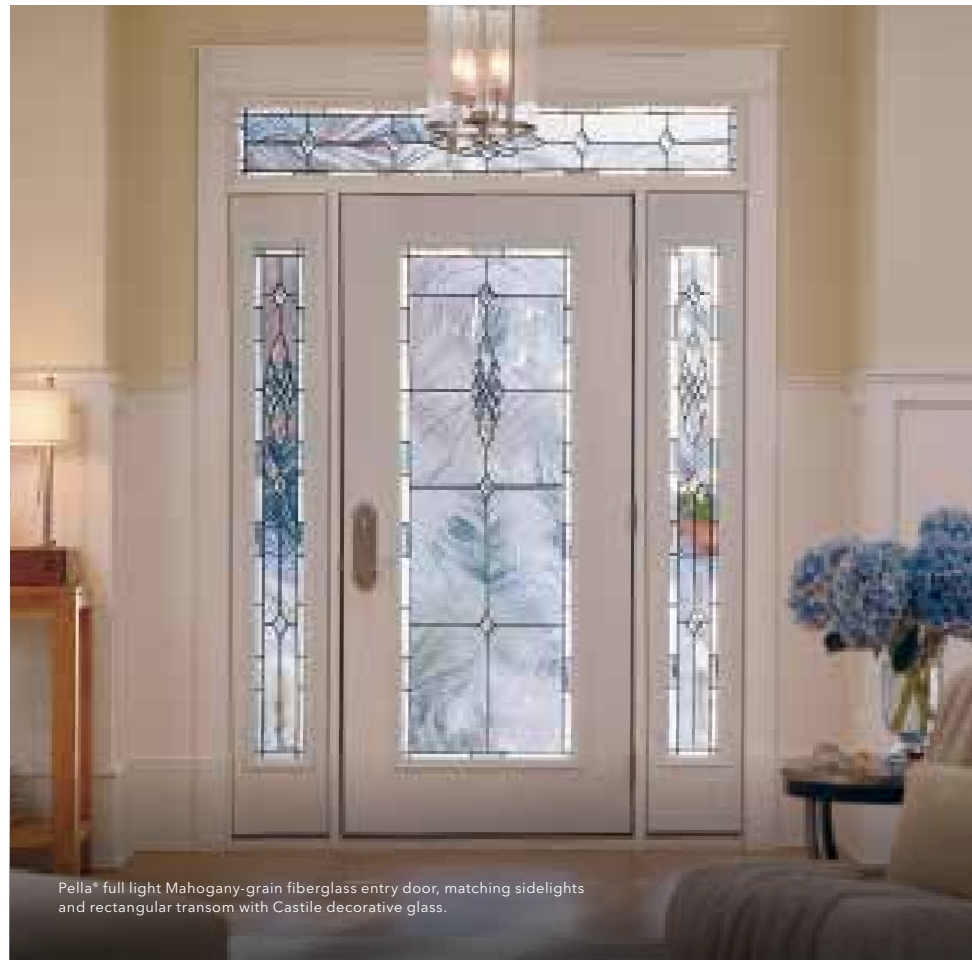

Pella® Architect Series® 4 panel curve premium Rustic-grain fiberglass entry door prefinished in Early American stain.

Pella® Architect Series plank Craftsman Light premium Smooth fiberglass entry door with 3x2 Traditional Simulated-Divided-Light grilles prefinished in Animated Yellow paint and Pella Architect Series premium Hemlock-grain full light sidelights and rectangular transom with Simulated-Divided-Light grilles.

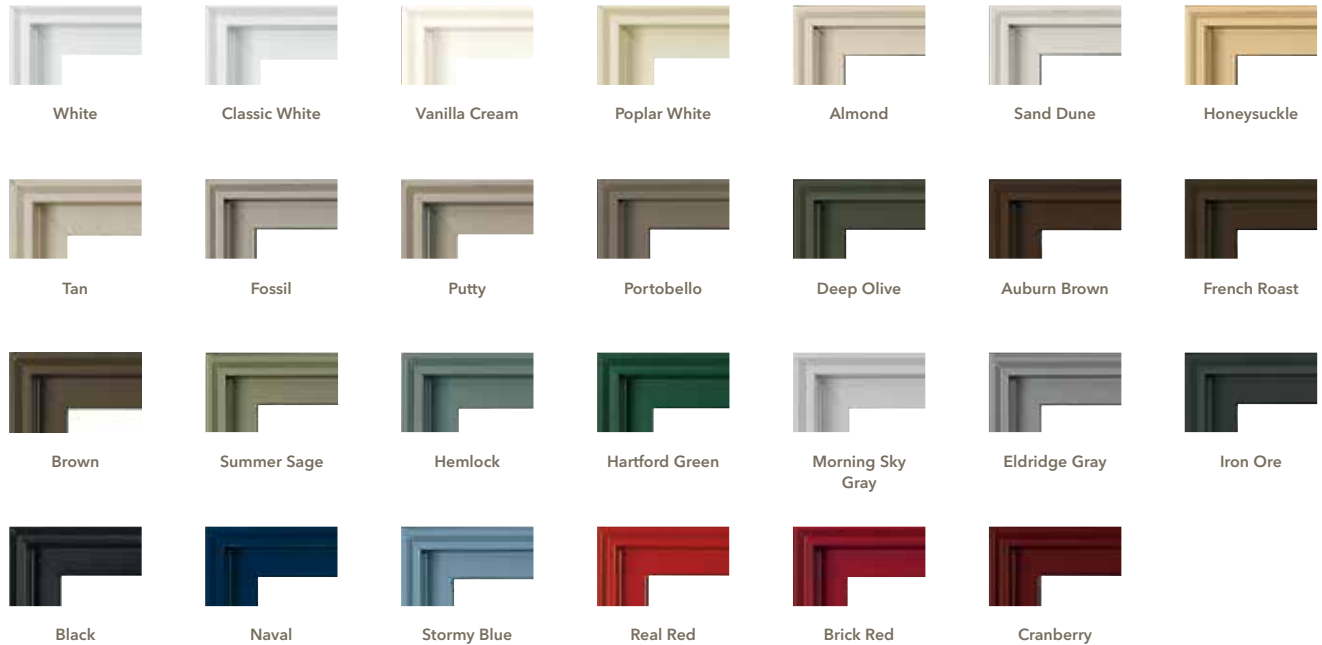

Pella® full light Mahogany-grain fiberglass entry door, matching sidelights and rectangular transom with Castile decorative glass.

# FRAME OPTIONS

Choices for an impeccably coordinated home.

Pella's low-maintenance aluminum exterior frames with our tough EnduraClad® protective finish are available in an impressive variety of colors. For a unified look, use the same EnduraClad exterior frame color for all your Pella® windows, patio doors and entry doors.

Available on: PELLA® ARCHITECT SERIES® PELLA®

NOTE: EnduraClad exterior frames have Pine wood interiors.

**Stainable interior wood frame blends beautifully with your door.** By staining or painting the frame to match your door, you create a seamless look.

- Mahogany door frames come unfinished, ready to be stained.
- Pine wood frames are paintable on the exterior and can be stained or painted on the interior only. Interior frames are available prefinished in your choice of seven stain colors or White, Bright White or Linen White paint.

## Exterior Wood Frames

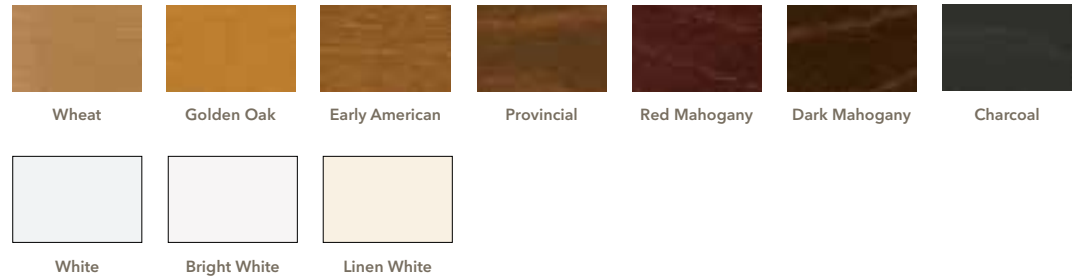

Unfinished Mahogany

Primed Pine

## Interior Prefinished Stained or Painted Pine Frames

AS P

NOTE: The rich, distinctive look of our factory-prefinished doors is achieved through hand-finishing. Some color variation is expected. For true colors, see actual samples at the Pella Window and Door Showroom nearest you. Colors shown are as accurate as the printing process permits.
