

Beautiful Performance

IT'S OUR PATRIOTIC DUTY

Shown in Graystone

Your home is a reflection of your lifestyle.

From the way your furniture complements your wall colors to the way your roofline interacts with the landscaping.

What does your home say about you?

Reaching for the ENERGY STARS.

As a 2015 ENERGY STAR Sustained Excellence recipient for Energy Management, we are proud of our commitment to designing high quality, sustainable roofing products.

Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

WinterGuard®

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

Roofers' Select® or DiamondDeck®

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

CertainTeed Shingles

High-Quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic roll roofing products are also available for flat roof areas.

Hip & Ridge Caps

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

CertainTeed Ridge Vents

CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.
