IKO CAMBRIDGE ARCHITECTURAL SHINGLES

Before the first lullaby; before training wheels, summer camps and the big job promotion; ahead of summer vacations and high school graduations — there was one thing that mattered most: safeguarding your family members by providing a roof over their heads.

Many of life's most memorable moments unfold under the UNCOMPROMISING PROTECTION of your roof.

Since 1951, IKO has been there for North American families just like yours, quietly enduring the elements to protect families, homes and everything dear — while providing the luxury of not having to worry.

Now that it's time to replace your roof, don't take it for granted. Keeping your family comfortable and safe is just as important now as ever. And it's important to choose roofing products that not only look great, but also can go the distance. At IKO, four generations of family-owned-and-operated experience go into every product we make. The result? **Beauty you can see. Quality you can feel. And performance you can trust. Because at IKO, it's not just roofing. It's roofing elevated.**

BEAUTY YOU CAN SEE

Your home reflects your lifestyle and expresses your personality.

Your roof may account for up to 40 percent of the visual surface area of your home's exterior. Just as upscale countertops can transform your kitchen, so too can IKO Cambridge architectural laminated shingles elevate your home from bland to grand.

IKO Cambridge shingles are cut from a different cloth than the three-tab shingles that were probably in vogue when your roof

was initially shingled. Their modern, laminated two-piece design provides a lot more depth, dimension and variation to complete the look. IKO Cambridge shingles are manufactured to have "dragon's teeth." By staggering their size and position, we create a random, varied pattern that emulates the rich texture of wood shakes. Deep shadow bands add eye-popping contrast.

Your biggest challenge?

Choosing the right colour from among the palette of spectacular colour blends we offer.

Can't decide on a shingle colour? IKO RoofViewer® to the rescue! Our exclusive interactive shingle selector software tool lets you mix'n'match our shingles based on home style, colour of siding and other accessories. Or upload a photo of your actual home. Download at IKO.COM or get our free app at Google Play or iTunes. *See details on back cover.

QUALITY YOU CAN FEEL

Touch it. Feel its weight. Check that the cut is precise. IKO Cambridge shingles are built heavy-duty. It's a difference you can see and feel.

At IKO, we never take quality for granted. And neither should you.

Quality features are built into every Cambridge shingle.

BUILT-IN

ALGAE-RESISTANCE.

We embed colourfast algae-resistant granules into our shingles to help inhibit the growth of blue-green algae that can cause unattractive black stains, streaks and discoloration.

THE ONLY TIME IT'S GOOD TO BE TACKY.

You want your new shingles to stay put. If the wind lifts them up, water can sneak in underneath and may cause a leaky roof. Our shingles have IKO's Fastlock™ sealant along their bottom edges. When activated by the sun's heat, it gets extra-tacky and creates an even stronger bond to help ensure maximum protection against wind uplift, blow-off and water penetration.

BLOW-OFF PROTECTION.

Printed nail line guides installers to fasten the shingles correctly, to help keep them on the roof and prevent them from blowing off in high wind.

THIS SHINGLE'S CORE STRENGTH

IS ITS FIBREGLASS MAT. Our fibreglass mat is coated top and bottom with weathering asphalt, then surfaced with coloured granules. It's heavy-duty for exceptional durability and structural integrity.

PERFORMANCE YOU CAN TRUST

Life is full of uplifting experiences. Shingle blow-off should not be one of them. When howling wind and thunderstorms send your little ones running for cover under your blankets, the whole family can rest easy. Because IKO Cambridge shingles are doing exactly what we engineered them to do — stand guard as your home’s first line of defense against Mother Nature’s fury.

So, let it snow. Rain.
Or blow.

We’ve got you covered. No wonder IKO Cambridge is the most popular architectural shingle we make.

THE IKO ADVANTAGE

HARVARD SLATE

Choosing IKO Cambridge shingles can give your neighbours a serious case of roof-envy.

Don't be surprised when they ask you what shingles are on that gorgeous new roof of yours. The visual impact it makes could potentially boost your home's resale value, too.

Colour Featured: Driftwood

Think of your roof as an all-weather coat.

Sure, you need a coat to keep you warm and dry but wouldn't you love one that makes you and your home look phenomenal, too? The right shingle cut and colour combo can reflect your sense of personal style. Are you the type to blend in or stand out?

AGED REDWOOD
Rustic casual or stately, elegant.
PERFECT PAIRINGS: Log, beige stone or brick (especially red) facings; brown trim.

PRO4

ROOFING COMPONENTS

Beauty. Quality. Performance.
From the outside in.

Shingles are your home's first line of defense, but they protect, perform and look their best when you choose **IKO PRO4 Roofing Accessories** to go with them.

UltraHP
High Profile
Ridge Cap

Stunning beauty.
IKO ridge cap shingles protect the roof's vulnerable areas and create a breathtaking roofline, too. Choose our high profile IKO UltraHP®. Or choose from among these pre-cut IKO hip and ridge products for the perfect finishing detail: **IKO Hip and Ridge™**, **IKO Hip & Ridge 12™** or **IKO Hip & Ridge Plus™**.

Underlying quality.
Protect your roof deck with high-quality IKO synthetic underlayments and help the eaves fend off water penetration caused by ice dams or wind-driven rain with effective IKO Ice & Water protectors.

Leading edge performance.
Pre-cut IKO Leading Edge Plus starter strips save installers time, provide a straight guideline and give shingle edges a neater, more attractive appearance.

⁴To ensure complete satisfaction, please view several full-size shingles and an actual roof installation prior to final colour selection as the shingle swatches and photography shown online, in brochures and in our app may not accurately reflect shingle colour, and do not fully represent the entire colour blend range, nor the impact of sunlight.
