I K O D Y N A S T Y P E R F O R M A N C E S H I N G L E S

Before the first lullaby; before training wheels, summer camps and the big job promotion; ahead of summer vacations and high school graduations — there was one thing that mattered most: safeguarding your family members by providing a roof over their heads.

# Many of life's most memorable moments unfold under the UNCOMPROMISING PROTECTION of your roof.

Since 1951, IKO has been there for North American families just like yours, quietly enduring the elements to protect families, homes and everything dear — while providing the luxury of not having to worry.

Now that it's time to replace your roof, don't take it for granted. Keeping your family comfortable and safe is just as important now as ever. And it's important to choose roofing products that not only look great, but also can go the distance. At IKO, four generations of family-owned-and-operated experience go into every product we make. The result? **Beauty you can see. Quality you can feel. And performance you can trust.** Because at IKO, it's not just roofing. It's roofing elevated.

# BEAUTY YOU CAN SEE

Your home should reflect  
your sense of style and  
personality – inside and out.

You may not realize it, but your roof may account for up to 40% of the visual surface area of your home's exterior. Just as upscale countertops can transform your kitchen and say something about you, so too can IKO Dynasty performance laminated shingles elevate your home from ordinary to extraordinary.

**Taking high-definition to new heights of distinction.**

These extraordinary color blends go above and beyond. You really have to see them to believe them. Some are subtly nuanced, to harmonize with your surroundings;

others are bold and daring to set your home apart in any setting or neighborhood. Now let's talk pattern and texture. IKO Dynasty shingles are manufactured to have "dragon's teeth." The random, varied pattern that's created by staggering their size and position further enhances the impression and appeal of these shingles. Deep shadow bands add breathtaking contrast. High-definition highlights punctuate the pattern with random pops of color.

**Your biggest challenge?**

Choosing the right color from among the palette of spectacular color blends we offer.

**Can't decide on a shingle color? IKO RoofViewer® to the rescue!** Our exclusive interactive shingle selector software tool lets you mix'n'match our shingles based on home style, color of siding and other accessories. Or upload a photo of your actual home. Download at [IKO.COM](http://IKO.COM) or get our free app at Google Play or iTunes. \*See details on back cover.

# QUALITY YOU CAN FEEL

Pick it up, and feel its weight. IKO Dynasty shingles with ArmourZone are heavy-duty and built with quality in mind. At IKO, we never take quality for granted. And neither should you.

Take one look at this shingle, and you'll see right away it's different.

## DYNASTY'S CORE STRENGTH IS ITS FIBER-GLASS MAT.

Our mat is coated top and bottom with weathering asphalt then surfaced with colored granules. It's heavy-duty for exceptional durability and structural integrity.

## AN EXCEPTIONAL BONDING EXPERIENCE.

Our shingles have our Fastlock™ sealant along their bottom edge that helps prevent wind-driven rain from getting underneath them. When activated by the sun's heat, it gets extra-tacky and creates a strong bond to help ensure maximum protection against wind uplift, blow-off and water penetration.

## BUILT-IN ALGAE RESISTANCE.

We embed colorfast algae-resistant granules into our shingles to help inhibit the growth of blue-green algae that can cause unattractive black stains, streaks and discoloration.

**ARMOURZONE** is Dynasty's tear-resistant band that's built into the back of these shingles. The front is marked by a 1 1/4 inch wide nailing surface for correct nail placement. The ArmourZone provides even more fastening strength over a wider surface area of the shingle. Nails applied in this area are optimally positioned to help resist nail pull-through and shingle blow-off, even in high winds.

# PERFORMANCE YOU CAN TRUST

When the wind whistles and howls like a freight train, what’s protecting you and your family against one of Mother Nature’s most potentially destructive forces? Even if you live in a high-wind and storm-prone area, the right answer is IKO Dynasty performance laminated shingles with ArmourZone. These oversized shingles are heavy-duty. They’ll stand guard as your home’s first line of defense against the elements.

So, let it snow. Rain.  
Or blow.

**Thanks to the addition of ArmourZone,** IKO Dynasty shingles have been designed to resist winds of up to 130 mph (210 km/h). No wonder IKO Dynasty shingles are so popular with discerning homeowners.

# PRO4

ROOFING COMPONENTS

Beauty. Quality. Performance.  
From the outside in.

Shingles are your home's first line of defense, but they protect, perform and look their best when you choose **IKO PRO4 Roofing Accessories** to go with them.

#### Stunning beauty.

IKO ridge cap shingles protect the roof's vulnerable areas and create a breathtaking roofline, too. Choose from among these pre-cut IKO hip and ridge products for the perfect finishing detail:

IKO Hip and Ridge,<sup>™</sup>  
IKO Hip & Ridge 12,<sup>™</sup>  
IKO Hip & Ridge Plus<sup>™</sup>  
or UltraHP.<sup>®</sup>

#### Underlying quality.

Protect your roof deck with high-quality IKO synthetic underlayments and help the eaves fend off water penetration caused by ice dams or wind-driven rain with effective IKO Ice & Water Protectors.

#### Leading edge performance.

Pre-cut IKO Leading Edge Plus<sup>™</sup> starter strips save installers time, provide a straight guideline and give shingle edges a neater, more attractive appearance.
