

Bay & Bow Windows

Adding a Lindsay Bay or Bow window will instantly transform your room. If you are looking to add elegance, character, value and visual appeal to your home, a new Lindsay Bay or Bow window is exactly what you are looking for. They look exceptional from both the interior and exterior of your home. You will be able to use the increased space as a cozy reading nook or as a display area for family pictures and keepsakes. You are also sure to enjoy the natural sunlight let in by your new Bay or Bow window.

A Bay window is a fixed center window with two smaller flanker windows attached on each side at an angle. A bow window is constructed using 4 or 5 windows joined together forming a gentle curve, or bow shape. The center units are typically fixed and its sides are usually casements, but can also be double hung windows. The windows used are specific to Healthy, Pinnacle, Earthwise or custom window line offered by your dealer.

Open up your home to the world around you with a new bay or bow window.

Bay & Bow Windows

TOP: Bay window with casement windows and optional white head and seat boards

RIGHT: Bay window with double hung windows and transoms

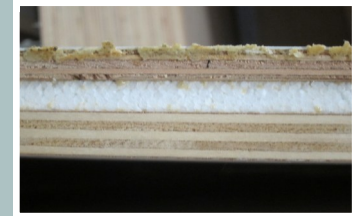

Weather Tight Construction

Units are sealed with silicone and foam insulated for the tightest seal possible.

Quality Rod & Cable Support

Reinforced steel threaded rods run through the window mullion for added strength and support. Cable attaches to the exterior of the home providing top-of-the-line support to the window unit.

Insulated Head & Seat Boards

Lindsay Bay & Bow Windows are available with an optional insulated Head & Seat Board for added warmth. (available on bays and bows up to 10 ft)

Quality Manufacturing

Each bay and bow window is assembled locally by a team that specializes in mullied units, ensuring that your bay or bow window will be of the highest quality.

Interior Color Options

WHITE

SANDSTONE

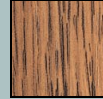

CLAY

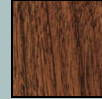

Some limitations apply

LIGHT OAK WOODGRAIN

DARK OAK WOODGRAIN

CHERRY WOODGRAIN

Exterior Color Options include White, Sandstone, Clay, or Coated with the color of your choice

Head/Seat Board & Jamb Options

Head and seat boards are the ceiling and floor of your bay or bow window. Head and seat board are available in birch, oak, white laminate, and insulated oak. All woods are unfinished; however, you may choose to have Lindsay Windows stain the head and seat boards to match your windows (additional charges may apply). Stain may vary slightly from the woodgrain on the windows. You may also choose to have your bay or bow built without the head and seat boards.

Casement Blinds

Lindsay's casement windows are available with mini-blinds. These blinds can either be contained in the IG Unit (the blinds are in the sealed glass), or contained by a separate removable panel of clear glass. Blinds contained in the IG Unit are available with optional argon gas and Low E is not available. Blinds contained by the separate removable panel of clear glass have all of the regular glass options available to casement windows.
