WINDOWS & DOORS

Earthwise

Double Hung & Slider

The foundation of the Earthwise Vinyl Window System is the Double Hung window. Traditional beauty and uncompromising strength are just the beginning. Both sash of the Earthwise Double Hung tilt-in for easy cleaning. Fully weatherstripped components - combined with a proven balance system and fully interlocking rails - make the Earthwise Double Hung a favorite choice for

The elegant, fresh look of the Earthwise Sliding window enhances the natural lighting of your home, while maintaining superior energy performance. Earthwise Sliding Windows glide effortlessly on dual rollers, for a smooth easy operation every time. Available in Two-Lite, Three-Lite, and Single Sliders, the Earthwise family of sliding windows will inspire the imagination.

homeowners. Combine Earthwise Double Hungs with Picture Window transoms and Specialty windows to achieve a stunning window wall. Optional internal grilles complete the architectural appeal.

For an economical solution, try the Earthwise Single Hung. The same high quality construction as the Earthwise Double Hung with a fixed upper sash and tilt-in lower sash.

Earthwise

Casement & Patio Doors

Tradition, innovation, and function are combined in the Earthwise Casement window. Sleek and stylish, the contoured sash reflect detailed craftsmanship. Multi-point locking allows for easy operation with just one locking lever. Casement windows open to a full 90° for maximum ventilation and easy cleaning. The same sleek profile is also available in an Awning style window. Alone or in a group setting, Earthwise Casements and Awnings are an expression of your style.

Redefine your living space with a stunning Earthwise Patio Door. With the same high performance standards as our windows, the Earthwise Patio Door is a model of thermal efficiency. All Patio Doors glide smoothly on dual tandem rollers. Add internal grilles and optional brass hardware to complete the look.

Earthwise

Bay & Bow

Transform any room with an Earthwise Bay or Bow Window. All Bay and Bow windows are custom sized to fit any opening. Specify birch, oak, or a specialty hardwood for the look that best matches your decor. Choose from Double Hung or Casement flankers, and add optional contour grilles that provide a warm, inviting appeal to any room.

Combine three or more operating or fixed Earthwise Casement windows into a graceful curving arc. They make small spaces feel bigger and brighter.

Earthwise

Architectural Shapes

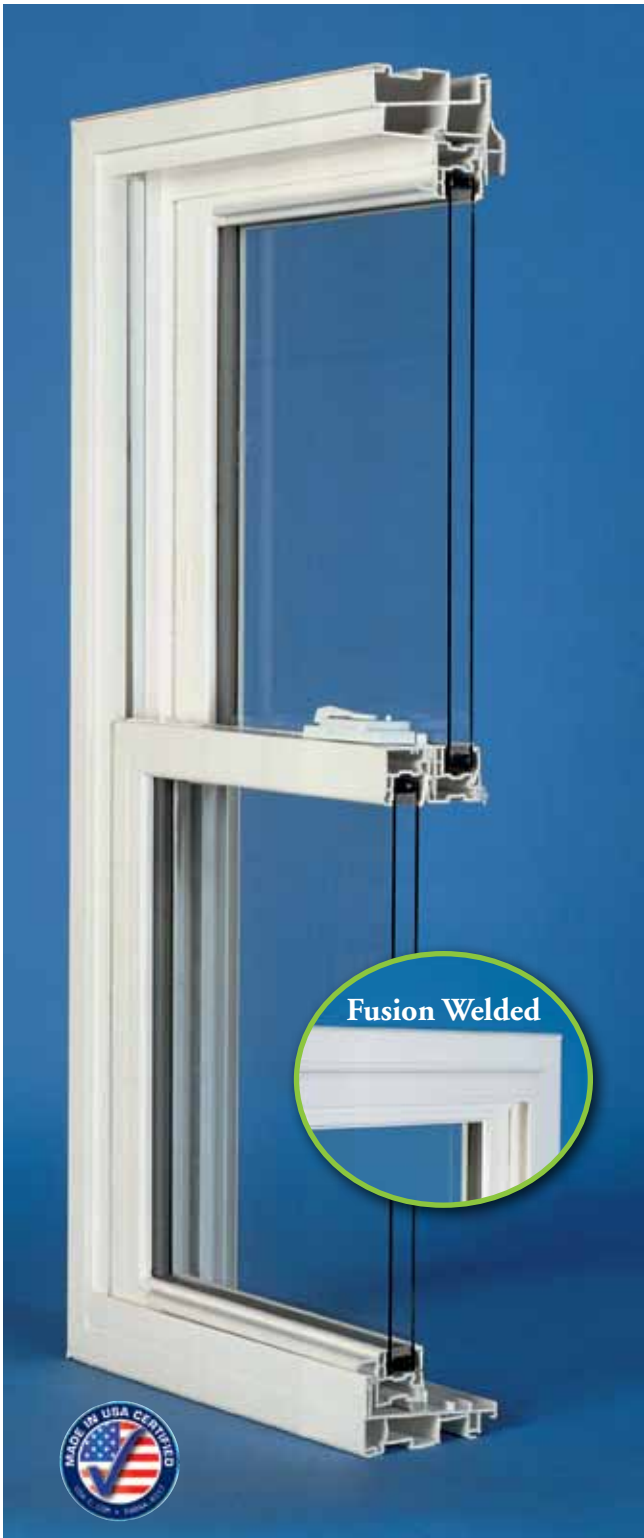

Express yourself with Earthwise shapes and designs. Choose from a variety of styles, including half-round, quarter-round, eyebrow, circle, oval, octagon and trapezoids. Or customize your home with a one-of-a-kind pattern of your own creation. The possibilities are limited only by imagination.

Architectural shapes are designed to integrate with any style of Earthwise Windows, allowing you to showcase your own personal flair.

Earthwise

Features & Benefits

- **Fusion Welded Frame and Sash:** Provides an impenetrable barrier to air and water penetration and utmost in strength and integrity.
- **5 Degree Positive Sloped Sill:** Provides water runoff, even in driving rain.
- **Deeply Pocketed Head:** With weather stripping to resist air infiltration.
- **Heavy Walled Construction:** 0.070" walls are a full 12% thicker than most other windows and provide a better thermal barrier.
- **Proven Balance System:** Provides smooth operation of sash.
- **New Soft Curved Sash Design:** Looks more like traditional wood window sash.
- **Attractive Integral Lift Rail:** Provides easy sash operation.
- **Dual Tilt-in Sashes:** Both sash tilt in for easy cleaning.
- **Recessed-in Tilt Latches:** Color matched low profile latches for a neat appearance.
- **.75" Insulating Glass System:** For maximum regional thermal efficiency, LowE glass with Argon comes standard for additional energy savings.
- **Warm Edge Technology:** No-metal spacer provides barrier to heat transfer in insulating glass unit.
- **Interlocking Meeting Rail:** Integral Interlock provides additional security and has passed AAMA Forced Entry Resistance Test.
- **Die Cast Cam Lock and Keeper:** Cam action actually draws sash closer together for positive lock.
- **Sashes Vents:** (Optional) Allow for ventilation with security; have passed AAMA Forced Entry Resistance Testing.
- **Two Layers of Weather Stripping:** With double mylar fins for resistance to air and water infiltration.
- **Non-Corrosive Hardware:** Years of trouble free performance, no matter what the environment.
- **100% Vinyl:** An advanced vinyl window material with a proven weather beating formula.
- **AAMA Certified, NFRC Rated, and ENERGY STAR Approved.**
- **20 Year Limited Warranty.**

Earthwise

Strength & Value

Earthwise Vinyl Window Systems utilizes only 100% vinyl by Deceuninck North America. The Deceuninck manufacturing process results in beautiful, bright, strong, weather-resistant vinyl that is colorfast. Our vinyl components meet or exceed performance requirements established and certified by the American Architectural Manufacturers Association (AAMA).

We offer several color choices for your vinyl window. Choose from our solid vinyl colors of White, Sandstone or Clay or optional exterior color coatings and wood grain interiors.

White

Sandstone

Clay

Light Oak

Dark Oak

Earthwise

Vinyl Window Systems

There is strength in numbers. The Earthwise Group is a national network of locally-owned, independent window and door manufacturers. Our network covers the entire United States, but as local and regional demands differ, so do our local organizations. As independent manufacturers, we are flexible and responsive to meet those unique regional needs. Backed by one of the world's largest window extruders, Dayton Technologies, the Earthwise Group consistently meets and exceeds the rigorous standards set by Energy Star, National Fenestration Rating Council (NFRC), and the American Architectural Manufacturers Association (AAMA).
