THE ULTIMATE CASEMENT AND AWNING WINDOWS:

# BETTER BY EVERY MEASURE

---

Ultimate Casement and Awning Windows from Marvin® are now the biggest wood-clad operating windows in the industry. This family of windows delivers exceptional beauty, craftsmanship and design flexibility without sacrificing performance. In fact, the largest Casement Window (36" x 102") achieves an industry-leading CW-PG40 rating. Functionality is taken to new heights thanks to exclusive, adjustable hardware. Concealed multi-point locks improve fit and operation, and the casement's wash mode allows the window to be rotated to clean the exterior from inside the home. With a hinge bar that can carry up to 150 lbs of sash weight, even the biggest windows open effortlessly. As with all Marvin products, unsurpassed attention to detail and stunning views come standard.

# MARVIN CASEMENT & AWNING WINDOWS

---

## **BIGGEST OPERATING SIZES**

The most glass for the most view. Tallest casement: 36" x 102". Widest casement: 44" x 91 1/8". Tallest awning: 48" x 96". Widest awning: 96" x 48 1/8".

## **UNMATCHED PERFORMANCE**

The industry's largest wood-clad casement and awning windows offer industry-leading performance, up to a LC-PG40 rating. Most casement sizes up to 36" x 96" or 40" x 92" are rated CW-PG50. Many mull configurations are AAMA 450 certified.

## **SMOOTH OPERATION**

Custom high-performance gearing and a hinge bar that can carry up to 150 lbs of sash weight allow for smooth, effortless operation.

## **CONCEALED MULTI-POINT LOCKS**

Activated from one, easy to operate location, multi-point locks enhance performance. The concealed lock system doesn't detract from the window aesthetics.

## REVOLUTIONARY WASH MODE

WASHING WINDOWS IS NO LONGER A CHORE

---

Our Ultimate Casement Windows operate in a way so revolutionary that we've patented it, making Marvin® the only place to find it. The innovative hardware allows access to both sides of the glass from the inside of your home, making window washing stress and ladder free.

- Allows access to both sides of the glass from inside the home
- Features patented, innovative hardware
- Unrivalled convenience
- Exclusive to Marvin Casement products
- No ladder required

## CLAD COLORS

Marvin's low-maintenance, clad-wood products feature an extruded aluminum commercial-grade exterior finish for superior resistance to fading and chalking. Marvin's palette of nineteen durable colors includes a spectrum of rich colors and three fresh, pearlescent finishes.

## WOOD SPECIES

The Marvin® Ultimate Casement Window is available with a wood exterior of Pine, Mahogany or Vertical Grain Douglas Fir. Wood interiors are available in six species. Wood is a product of nature and will vary in color, texture and grain.

## INTERIOR FINISH OPTIONS

Marvin is proud to offer six attractive stain options. Every piece of wood is put through our proprietary multi-step, integrated conditioning and staining process. As part of this process, the wood is conditioned, sanded and baked to ensure a more ideal, lasting and beautiful finish.

Note: Stain colors are shown on Pine. To see all six beautiful finishes, visit [MarvinWindows.com](https://www.MarvinWindows.com).
